

Oyez.... Oyez.... Oyez

C-K KIDS CAN

Contribute Actively Now

As an educator and a believer in LIFE LONG LEARNING, there are some activities in which the surface has just been scratched and not been used to a/the potential possible. Among these activities are those in which active retirees and youth could be combined. There could be an amalgamation in which interested young and older citizens could be working together for the advantage of the municipality.

Would it not be advantageous to have the enthusiasm, energy and pride of youth being combining with the experience, insight of knowledgeable mentors; both parties ... being interested in making the municipality a better place in which to grow, work and play? It would allow out of the box creative thinking of all to put something back into their local life and illustrate a much needed progress.

PROPOSAL:

I would like to see formed a volunteer board of directors/advisors that would work with active youth by suggesting, creating and producing some visible actions that would show the character of Chatham-Kent.

The plan would be: (1) to contact through multi-media young people who are reliable, observant, resourceful, capable and interested in making the municipality a better place.

(2) to meet with them lay out some ideas and a suggested starting point for active things to be done and in which they can become directly involved.

These young people could be great advocates for the municipality by known as ambassadors, greeters, hosts, hostesses, speakers, participants, proactive advocates for the municipality and the future.

To do these things we need seeds to be planted.

Thus, I am inviting you to take an active role in this future by consenting to be on an advisory board for this undertaking.

If you feel this action may bear fruit and you would like to be part of shaping the future, please do one or more of the following.

- | | | |
|--|-----|----|
| 1. Agree in principle. | Yes | No |
| 2. Support as far as possible if asked. | Yes | No |
| 3. Agree to be a member of a board to plan action. | Yes | No |
| 4. To encourage others to take part. | Yes | No |
| 5. Suggestions | | |
